

Rule 3.219. Conditional Release

(a) Release Plan. The committing court may order a conditional release of any defendant who has been committed according to a finding of incompetency to proceed or an adjudication of not guilty by reason of insanity based on an approved plan for providing appropriate outpatient care and treatment. When the administrator shall determine outpatient treatment of the defendant to be appropriate, the administrator may file with the court, and provide copies to all parties, a written plan for outpatient treatment, including recommendations from qualified professionals. The plan may be submitted by the defendant. The plan shall include:

- (1)** special provisions for residential care, adequate supervision of the defendant, or both;
- (2)** provisions for outpatient mental health services; and
- (3)** if appropriate, recommendations for auxiliary services such as vocational training, educational services, or special medical care.

In its order of conditional release, the court shall specify the conditions of release based on the release plan and shall direct the appropriate agencies or persons to submit periodic reports to the court regarding the defendant's compliance with the conditions of the release, and progress in treatment, and provide copies to all parties. The procedure for determinations of the confidential status of reports is governed by Rule of Judicial Administration 2.420.

(b) Defendant's Failure to Comply. If it appears at any time that the defendant has failed to comply with the conditions of release, or that the defendant's condition has deteriorated to the point that inpatient care is required, or that the release conditions should be modified, the court, after hearing, may modify the release conditions or, if the court finds the defendant meets the statutory criteria for commitment, may order that the defendant be recommitted to the Department of Children and Family Services for further treatment.

(c) Discharge. If at any time it is determined after hearing that the defendant no longer requires court-supervised follow-up care, the court shall terminate its jurisdiction in the cause and discharge the defendant.
